

LED POWER SUPPLY

MODEL LD-700MA-03

Ordering Matrix

LED Power supply	Constant current	Wattage	Dimmable	Remote Box
<input type="text"/>				
LD	700MA	03 = 3W	DIM	IS

Ordering Example (Model-Finish) : LD-700MA03-EDIM-IS

Product Details

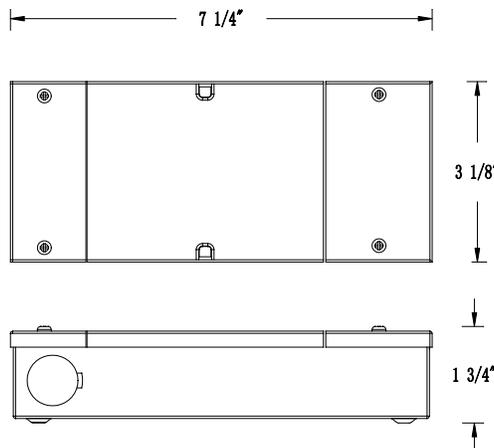

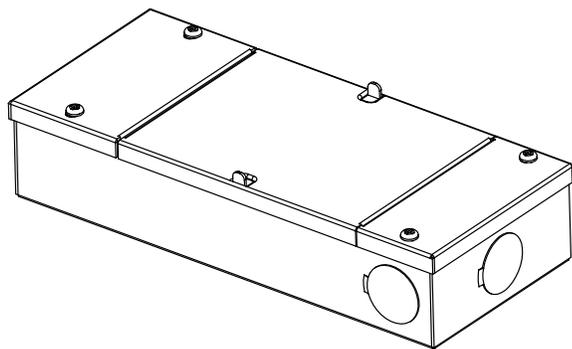

Description:	Compact and reliable class 2 constant current LED dimmable power unit for one 1*3W LED lights
Input Voltage:	120V AC 60Hz
Input Current:	LD-700MA03-EDIM -IS 0.04A max
Output Voltage:	2-5V DC
Output Current:	700mA DC constant current
Load:	LD-700MA03-EDIM -IS 1PCS 1x3W LED Fixtures
Dimension	LD-700MA03-EDIM -IS L×W×H = 8 1/4"×1 3/4"×1 3/4"
Loading Wire:	22 AWG 6ft maximum length

Specification Features

- 700mA Constant Current for LED's optimized and stable performance.
- "Plug and Play" terminal blocks for wiring up to one LED lights.
- Open circuit, short circuit, overload and overheat protection.
- Input may used Electronic Low-voltage dimmer to LED driver dimmable.(Example: LUTRON DVELV-300P)
- 5 year WAC Lighting product warranty

LED POWER SUPPLY

MODEL LD-700MA-09

Ordering Matrix

LED Power supply	Constant current	Wattage	Dimmable	Remote Box
LD	700MA	09 = 9W	DIM	IS

Ordering Example (Model-Finish) : LD-700MA09-EDIM-IS

Product Details

Description:	Compact and reliable class 2 constant current LED dimmable power unit for up to three 1*3W LED lights
Input Voltage:	120V AC 60Hz
Input Current:	LED-700MA09- EDIM -IS 0.13A max
Output Voltage:	2-5V DC (Each Group)
Output Current:	700mA DC constant current
Load:	LD-700MA09-EDIM -IS 3PCS 1x3W LED Fixtures
Dimension	LD-700MA09- EDIM -IS L×W×H = 7 1/4"×3 1/8"×1 3/4"
Loading Wire:	22 AWG 6ft maximum length

Specification Features

- 700mA Constant Current for LED's optimized and stable performance.
- Three group output "Plug and Play" terminal blocks for wiring up to three LED lights.
- Open circuit, short circuit, overload and overheat protection.
- Input may used Electronic Low-voltage dimmer to LED driver dimmable.(Example: LUTRON DVELV-300P)
- 5 year WAC Lighting product warranty
