

Laura

Effortless Comfort To Any Space

With its graceful left-to-right 90-degree oscillation, Laura delivers a cool, refreshing breeze with whisper-quiet precision, thanks to its advanced DC motor. The patented design allows for seamless remote control operation, offering you complete convenience, while its simple 2-wire installation makes setup a breeze. Compact yet powerful, Laura is ideal for small or awkward spaces, and can be elegantly mounted in front of HVAC ducts to enhance the efficiency of your heating, ventilation, or air conditioning. Crafted from durable cast aluminum and heavy stamped steel, backed by a limited lifetime warranty that ensures peace of mind for years to come.
