Manual and all Hardware Included	————>	Easy Installation

Product Description:

Full Motion Mount that Cantilevers out for Perfect Viewing. The 604 is a full motion, articulating mount that will swivel 180 degrees, tilt vertically up to 15 degrees and cantilever out with an arm that extends up to 19" from the wall. Made of heavy duty steel, it will hold screens up to 66 lbs and will fit most screens sized up to 42" however, rely on the VESA pattern and weight to determine a proper fit. It attaches to the wall with 6 screws (into a stud) for a stable and secure attachment. An attractive, high quality, sturdy mount at a great value. Lifetime warranty against defects.
