assembly instructions

Friendly Tip: Take a deep breath going in. This may be a tricky part, but nothing too overwhelming. Just follow these steps to the T and the outcome will be worth it!

- ⓘ While assembling the product, tighten the bolts up to 50%. Once all parts are in place, only then fully tighten the bolts.

step 1:

First, turn the tabletop (A) upside-down. Align any leg (B) with the space in tabletop (A) taking this image as reference.

step 2:

To attach leg (B) to the tabletop (A), insert flat washer (E), lock washer (F) and bolt (C). The order from bottom to top is E, F, C.

step 3:

Now, tighten bolt (C) using the allen-key (D). Repeat steps 1, 2, and 3 till all four legs (B) are fixed in place.

step 4:

Turn the table upright on an even surface and ensure that the legs are evenly aligned. If not, loosen the bolts, apply pressure to the leg in the required direction and then tighten the bolts fully. Do not over tighten beyond the hole depth.

step 5:

If necessary, adjust the levellers according to the floor as shown in the image.

Voila! Your table is now assembled and secure!
