

TRADITIONAL CONSTRUCTION

Enjoy the warmth and beauty of exterior wood shutters. Our wood shutters are hand crafted from the most popular wood species and can be clear coated, stained, or painted.

ADVANCED MATERIALS

Composite shutters provide the look and feel of authentic wood shutters without the maintenance. The included mounting brackets make installation simple. With a variety of sizes and colors available, you'll be sure to find the shutters right for you.

Custom designed and hand assembled to your specifications • Real look and feel of real wood shutters • Impervious to the effects of normal weather conditions • Easily installs with included mounting brackets • Order functional hardware for an authentic look

Thickness G	1 ¼"

*Available in ⅛" increments.

BOARD-N-BATTEN SHUTTERS

In its simplest form, the Board-n-Batten shutter has been rumored to be the first style of shutter invented. The vertical members are referred to as the boards and the horizontal members are referred to as the battens. This classic style is perfect for ranch style homes or homes that want to reflect historical significance and simplicity.

COMBINATION SHUTTERS

The Combination Shutter originated in the New Orleans area with its unique combination of both louver and raised panel. It offers the beauty of both styles, yet offers a second glance appeal to traditional styles. You can mix and match your styles with a variety of louver and raised panel combinations to make your own unique look.

FLAT PANEL SHUTTERS

Flat panel shutters are inspired after the Shaker design where clean lines and simplicity define style. These shutters are perfect for Arts & Crafts or Craftsman style homes. Like all our wood shutters, these shutters are hand crafted and assembled for authenticity and architectural correctness.

SHUTTER DIMENSIONS

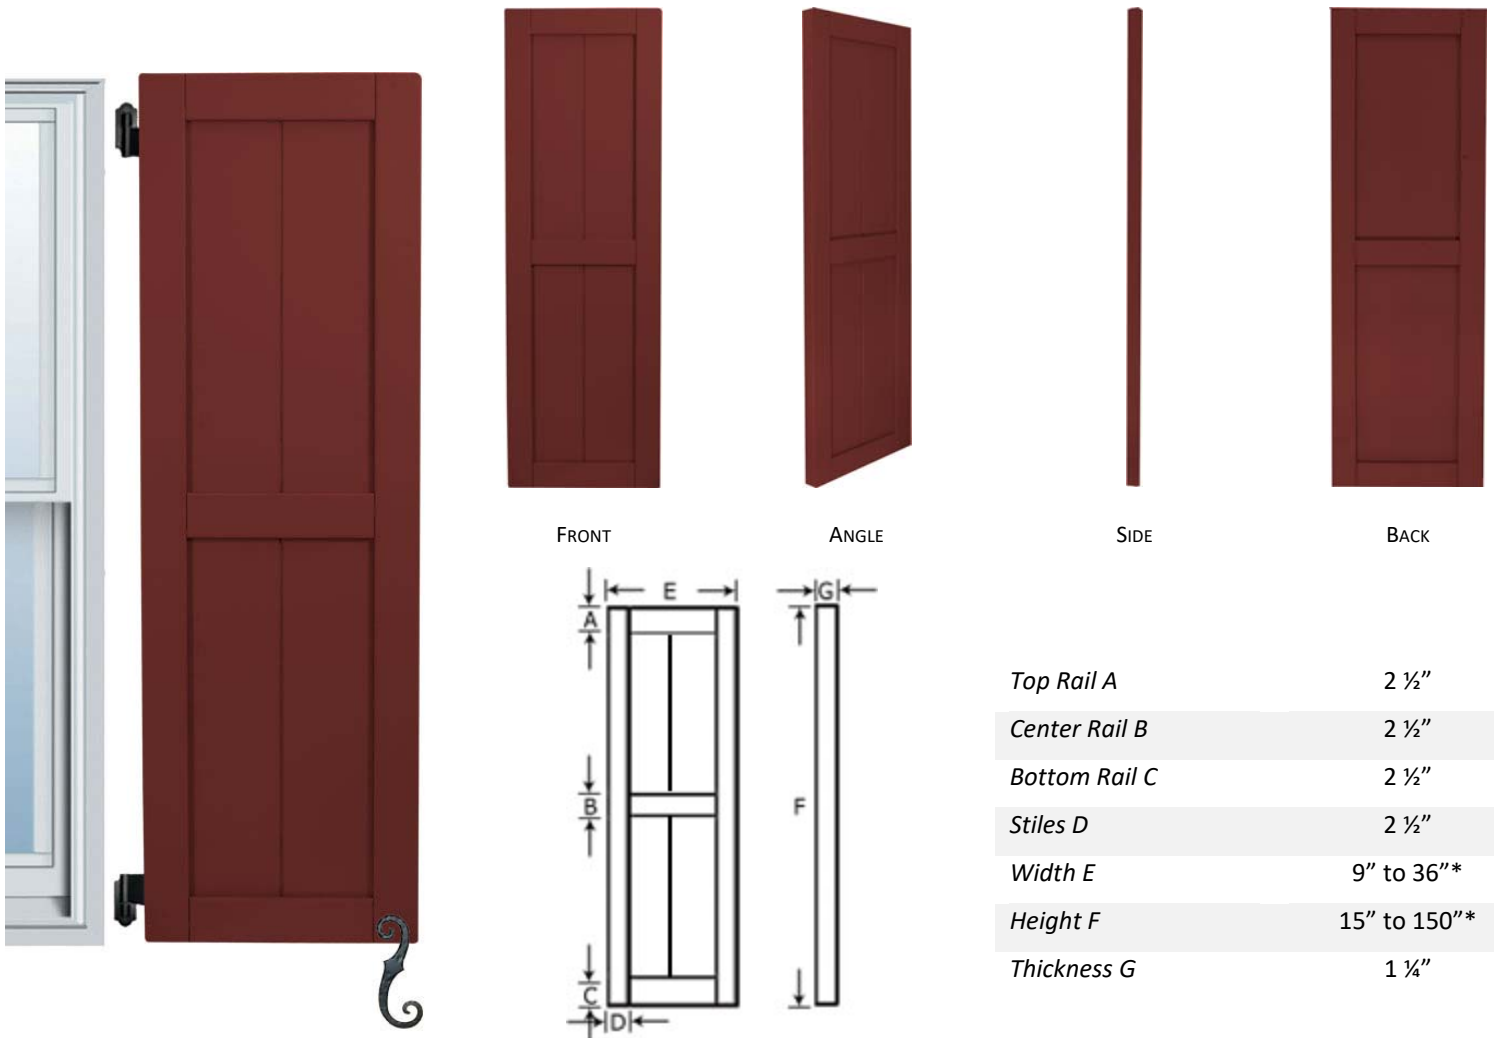

*Available in 1/8" increments.

FRAMED BnB SHUTTERS

The perfect combination of both Board-n-Batten and our Flat panel shutters, the Framed Board-n-Batten shutters add a unique look. Commonly used on traditional style homes, the Framed Board-n-Batten shutter has been growing in popularity against the traditional louver, raised panel, and board-n-batten shutter style.

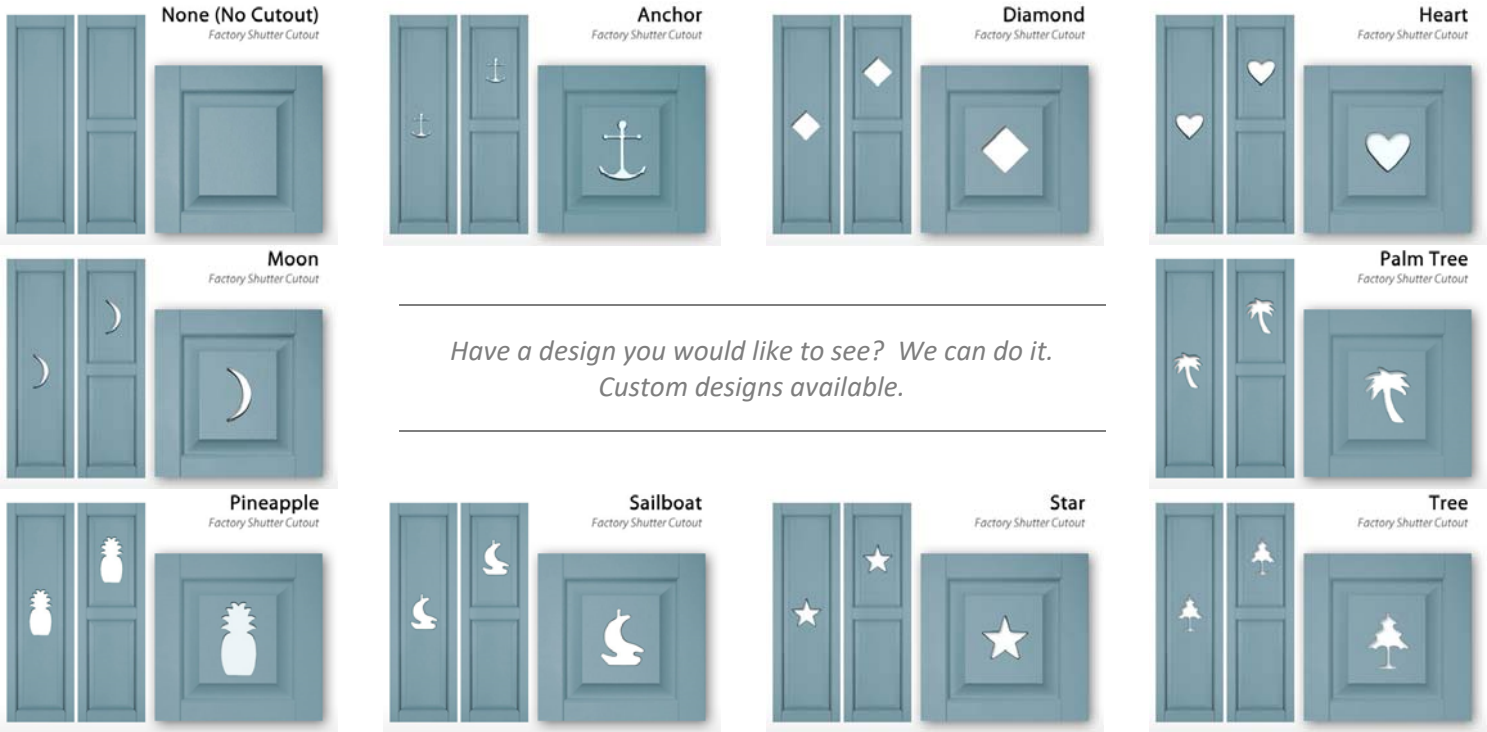

SHUTTER DIMENSIONS

*Available in 1/8" increments.

SHUTTER OPTIONS

Add a unique look to your shutters that will help them really stand out. Choose from one of our most popular shapes, or give us a call if you have your own design in mind.

SHUTTER HARDWARE

Complete your shutter installation with beautiful shutter hardware. Our shutter hardware is available for both decorative and functional shutter applications. Here are a view examples available in a variety of sizes.
