

# ASSEMBLY AND INSTALLATION INSTRUCTIONS

T0539

**WARNING:** Turn off the main power at circuit breaker before installing fixture.  
**AVERTISSEMENT:** Coupez la source d'alimentation principale au panneau central de disjoncteurs avant d'installer le luminaire.

**NOTE:** 1. Before installing, consult local electrical codes for wiring and grounding requirements.  
 2. Read and save these instructions.

## Hardware Package (included):

Max. 60W  
 type B Bulb  
 (not include)

Candle tube  
 Socket

Set Screw

### IMPORTANT:

*The sensor has an excellent photocell function to enable the light to turn on at dusk and off at dawn automatically.*

## Installation Steps

Turn off the power at fuse or circuit box.

1. Remove the two bolt nuts (D), the two rubber pads (E) and the mounting plate unit (A) from the backplate.
2. Attach the mounting plate unit (A) to the outlet box by using two mounting screws (B).  
**Note: Make sure that two set hole are lined up horizontally to make the fixture level.**
3. Unscrew the two set screws and remove metal frame from the fixture. Take a glass panel and gently slide it into the metal frame in place, secure it by pressing two clips on top side of the metal frame and two clips on the bottom of the metal frame. Repeat with the other glass panels. (See Fig.1)
4. Pull out the source wires from the outlet box. Make wire connections using wire connectors (C) as follows:
  - Connect the hot wire (black insulation) from the fixture to the black wire from the power source.
  - Connect the neutral wire (white insulation) from the fixture to the white wire from the power source.
  - Attach the fixture ground wire (bare wire) to the mounting plate unit (A) with the green ground screw, then connect it to the house ground wire with the wire connector (C).Carefully put the wires back into the outlet box.
5. Attach the candle tubes onto the sockets and install bulbs (not included). See relamping label at candle tube area or packaging for maximum wattage allowed.
6. Attach the fixture to the mounting plate unit (A) by inserting headless screws into set holes on backplate, then secure it with two rubber pads (E) and two bolt nuts (D).  
**NOTE: With silicone caulking compound, caulk complete around the backplate meets with the wall surface to prevent water from seeping into the outlet box.**
7. Attach the metal frame onto the fixture and tighten it with two set screws.

Turn on the power at fuse or circuit box.

### Optional Installation: Disconnect Dusk-to-Dawn Photocell

1. Turn off the power at the fuse or circuit box before starting installation.
2. Loosen the wire connector connected with the wires from photocell. (See Fig.2)  
**Note: Do not remove the photocell to prevent water from seeping into the outlet box.**
3. Take a white pigtail and black pigtail and make wire connections using wire connector (C): (See Fig.3)
  - a. The black wire from the fixture to one end of the black pigtail.
  - b. The white wire from the fixture to one end of the white pigtail.
  - c. The other end of the black pigtail to the black wire from the power source.
  - d. The other end of the white pigtail to the white wire from the power source.Put all wires back into the back plate of the fixture.

Turn on the power at fuse or circuit box.

The following parts are available for reorder if damaged or missing.

**Spare Parts List:**

**5 Year Limited Warranty**

Vaxcel warrants all of our products against defects in workmanship and finishes for one year following the date of shipment.

In addition:

- Any product with an integrated motion sensor or dusk-to-dawn photocell is supported by a 5-year warranty for the functionality of the product.
- Any product with integrated LED modules is covered by a 5-year warranty on the LED functionality.

*Exclusions: This warranty does not include the failure of products from extreme acts of nature; environmental conditions not suited for the products intended use; operation in temperatures outside of the range specified in the instruction manual; usage with improper power supply, power surges or dips. For coastal locations, some corrosion is considered normal for the environment.*

*Vaxcel reserves the right to repair, replace or issue a credit for any properly installed product, provided it is returned per RMA instruction. This warranty is limited to the cost of the product only and does not extend to transportation, installation or replacement costs.*
