

Boxwood Topiary Cone w/ Square Pot

Make a statement with this Boxwood topiary cone from Fraser Hill Farm. Featuring lifelike foliage and all-metal structure for strength and durability, this modern topiary is specially crafted using the finest materials to look realistic and provide you with many seasons of use and enjoyment.

The boxwood leaves are constructed from non-allergenic and flame-retardant materials then painted multiple hues of green so no two are exactly alike. Together these details create the look of a natural shrub that requires hardly any maintenance.

Prestrung with 50 clear LED lights, place one in a corner for a lovely pop of green or buy two to frame a door, entryway, or fireplace. If you love a classic boxwood but do not want the maintenance, this is for you. Simply plug in and display - no clipping or watering required!

- Lush and full with realistic leaves arranged nicely throughout
- For lasting beauty, indoor and covered outdoor use recommended
- 1 year limited warranty
