## INSTRUCTIONS

---

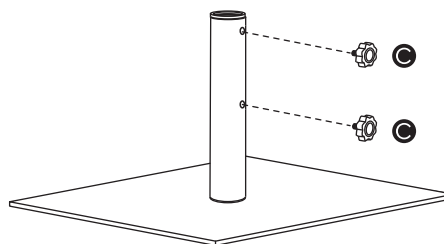

### STEP 1

Screw in the pole ① to the base and secure with washers ② and bolts ③ using an adjustable wrench (not provided).  
NOTE: There are THREE holes in the base. Secure the bolts through the base and pole into the threaded holes. The extra hole is a drain hole.

### STEP 2

Thread the umbrella hand bolts ④ into the holes into the pole.

### STEP 3

Lastly, insert the adjuster ring ⑤.  
NOTE: Two sizes - choose which size best fits your umbrella pole for a snug fit.
