## FURNITURE

### Assembly Instruction:

#### Step 1: Attaching the Support Poles with the Bottom Frame

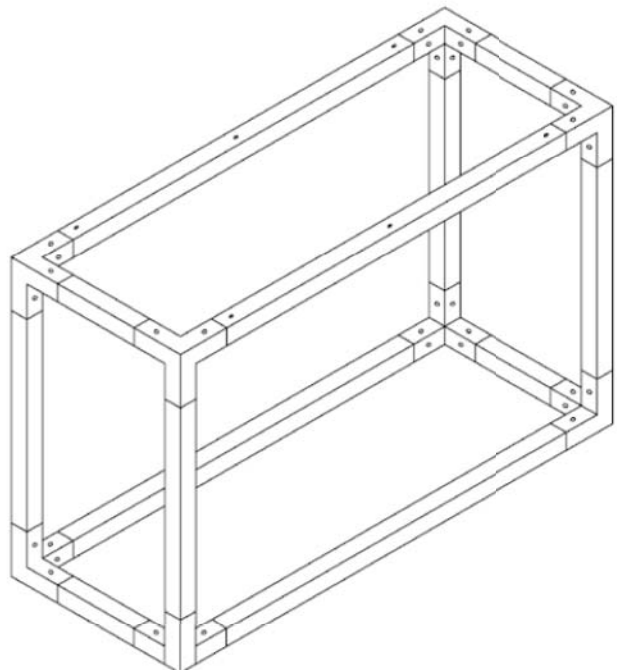

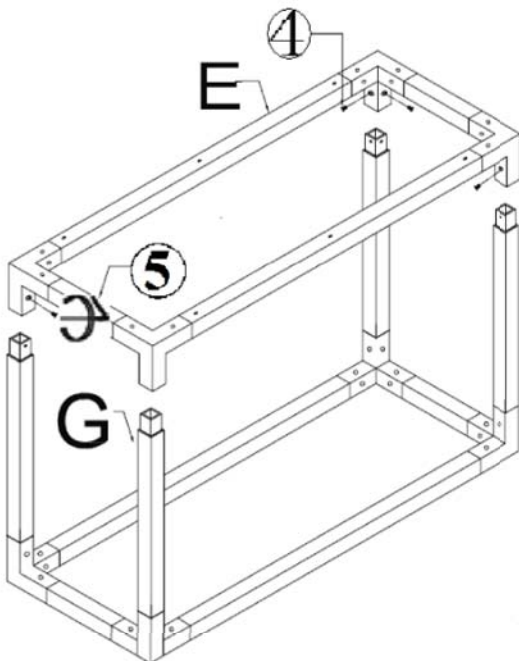

Inserting the Support Poles (E) into the Bottom Frame (D) and secure them by bolts (3). Tighten by Allen Key (4).

#### Step 2: Attaching the Top Frame with the Support Poles

Placing the Top Frame (C) on top of the Support Poles (E) and secure them by bolts (3). Tighten by Allen Key (4).

Then Metal base assembly is completed, and this metal base can be leveled with four adjustable feet at the bottom.

## FURNITURE

### Step 3: Attaching the Metal Base

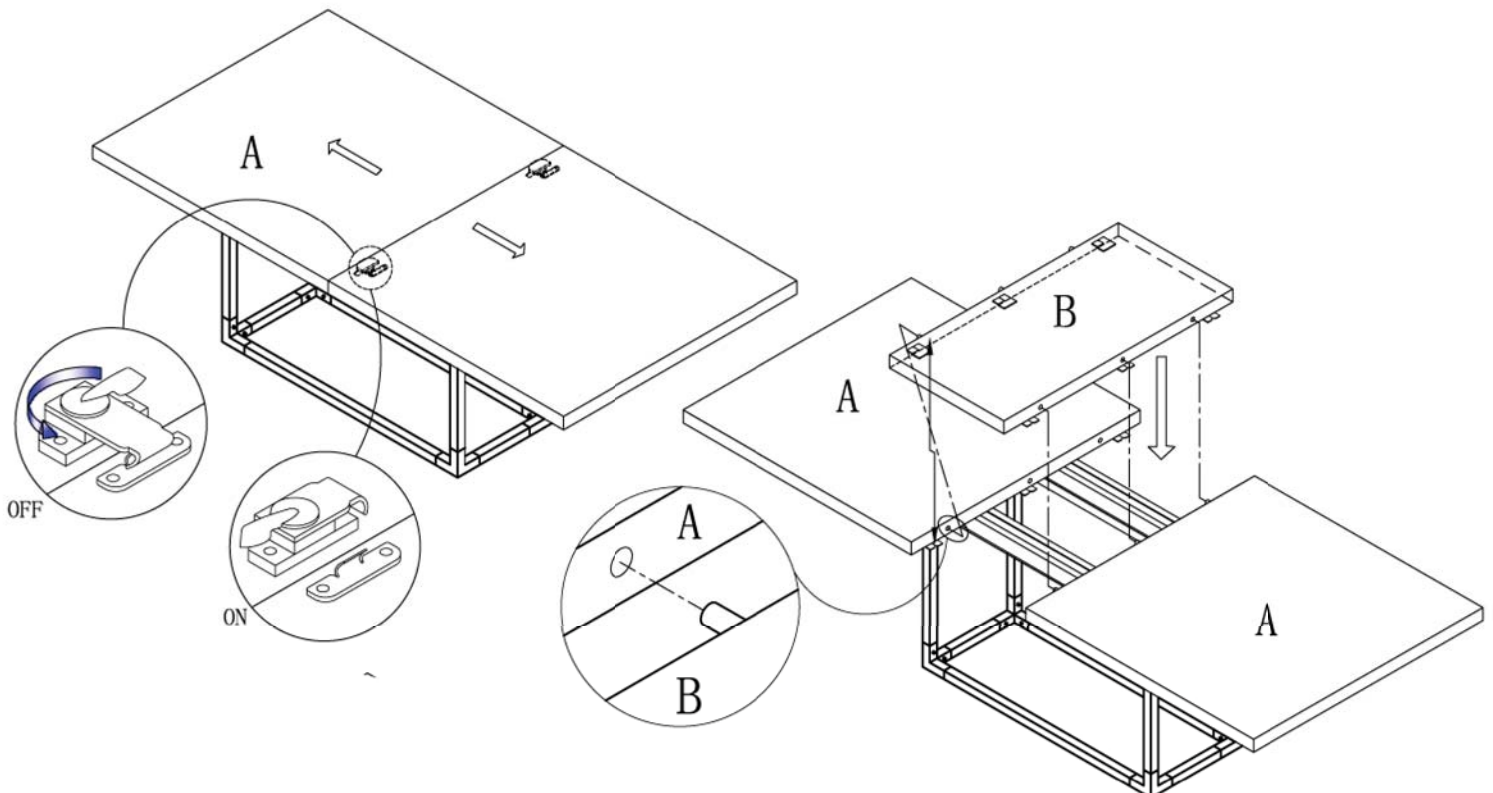

Put the pre-assembled Metal Base upside down, align the pre-drilled holes of Top (A) with Metal Base by bolts 1, and tighten by Allen Key 2. Then upright assembled unit, assembly is completed. Move furniture to its final location.

You could extend the dining table by adding the leaf Extenders Top Panel (B), please follow the direction of step 4.

### Step 4: Setting the Leaf Extenders Top Panel

Unlock the table locks, slide the table apart by pulling in opposite directions simultaneously (two people required) as shown in the figure. Put the Leaf Extenders Top Panel (B) in the center gap and slide the table back together to tighten any loose gaps.
