

Wall-Mount Sink Installation

Note: Large sinks are heavy, get help lifting the sink

Lift and place the sink against the wall ensuring it is level. Mark the sink's anchoring hole locations with a pencil.

Note: For adequate wall support, ensure that the backing behind the finished wall is sufficient to secure the sink bolts.

Carefully lift and position the sink against the wall. Install rubber washers, nut and bolts. Hand tighten, ensuring the sink is level. Secure bolt and nuts.

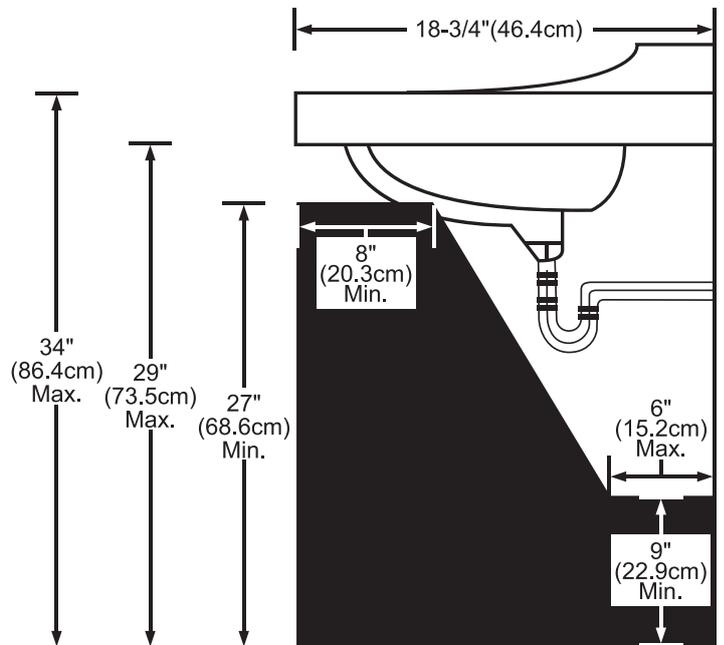

For recommended ADA Installation see suggested diagram below.
