

# DLR3

## 3" Recessed LED Downlight

### Features and Benefits

FEATURES	BENEFITS
<b>Visual Aesthetic &amp; Application</b>	<ul style="list-style-type: none"><li>• Provides general ambient lighting.</li><li>• Advanced compact design is more efficient and provides a better economical solution.</li><li>• Utilizes the exclusive NICOR diffusion system which eliminates hot spots during operation and yellowing when the light is off, making it a perfect choice for remodel and new construction within the residential, commercial and retail environments.</li><li>• Greater than 90 CRI provides a full spectrum light source that offers superior color rendering. The blues are true blue, whites are whiter and reds are more vibrant.</li></ul>
<b>High Performance LED technology</b>	<ul style="list-style-type: none"><li>• Utilizes high performance LED technology.</li><li>• Boost energy efficiency with increased lumen output and decreased overall wattage consumption.</li><li>• L70 rated up to 50,000 + hours.</li><li>• Silent and flicker-free operation.</li></ul>
<b>IC rated</b>	<ul style="list-style-type: none"><li>• Suitable for use in IC rated housings which are common in residential applications.</li></ul>
<b>Increased ROI</b>	<ul style="list-style-type: none"><li>• Save on operating and relamping costs with high luminaire efficacy.</li><li>• Energy Star qualified product.</li><li>• Qualifies for available utility rebate programs.</li><li>• Additional control options provide greater reduction in operating and maintenance costs.</li></ul>
<b>Environmentally Friendly</b>	<ul style="list-style-type: none"><li>• RoHS-compliant containing no lead, mercury or glass, making handling and disposal less of a concern, while using less energy than standard fluorescent systems.</li><li>• Fixtures cool operation minimizes heat and eliminates UV radiation - reducing operating and maintenance costs.</li></ul>
<b>Easy Installation</b>	<ul style="list-style-type: none"><li>• Reduced profile provides more interior mounting space for a quicker install.</li><li>• Installation is simple and easy with 3" housings.</li><li>• The DLR3 is easily installed with a screw-in Edison base (GU24 socket string available) and friction clip mounting system.</li></ul>
<b>Flexible Control</b>	<ul style="list-style-type: none"><li>• Equipped standard with a high performance dimmable driver that works with most any standard TRIAC dimmers. Consider combining with occupancy sensors, daylighting controls and lighting relay panels to maximize energy savings.</li><li>• For a list of compatible dimmers visit <a href="http://nicorlighting.com/dimmers">nicorlighting.com/dimmers</a>.</li></ul>
