

Joli Sol

Make your home happy!

CARE INSTRUCTIONS

Joli Sol Vinyl Mats are easy to clean. Dust mop the floor to ensure all loose dirt and/or grit is removed. Wipe down with a damp micro fiber cloth. For stubborn jobs try diluted hand soap and rinse thoroughly after washing. Do not use dish soap, harsh chemicals or abrasives, which will wear off the finish and fade the colors. Do not use scrub brushes, or vacuums on Joli Sol Vinyl Mats as this will cause damage.

The pattern and color of our vinyl mats can considerably effect the appearance of a space. Our patterned vinyl mats will help conceal dust and dirt.

Due to the manufacturing process please expect some variation in colors. Photos can be seen at wayfair.com under the Joli Sol marketplace.

Joli Sol Vinyl Mats are durable in high traffic areas, but will wear if used harshly. Use reasonable care on this product. Do not drag metal or furniture across the surface or slide chairs out while someone is sitting on them. Always use caution when wearing high heels. All furniture legs require felt pads with 1/4" thickness. Clean up all spills as soon as they occur. This will prevent staining.

Joli Sol Vinyl Mats are for indoor use only.

If you are installing over stained concrete or treated surfaces, make sure the surface is properly cured before installation, as residual solvents, such as acetone or chemicals might damage the non slip surface.

When wet, be sure to flip over and dry thoroughly.

All claims must be filed with UPS/FedEx immediately.
All manufacturing defects must be reported to retailer with in 5 days.
