

CONNECTORS

1 Piece Each

FRAMES

2 Pieces Each

ASSEMBLY

Locate all Connectors and Frame components. Begin with Connector A and attach Frame 1, connect A3 to A3. Then attach the opposite side of Connector A4 to Frame 2, A4. Next attach Frame 3, A1 to Connector A1, then connect Frame 4, A2 to A2.

Locate Connector D and attach Frame 3, D3 to D3. Combine Cboth of the Frames 1 and 5 by attaching D1 to D1. This is a TIGHT connection and you may have to press firmly on the Frame in order to connect the pieces. See Image A below.

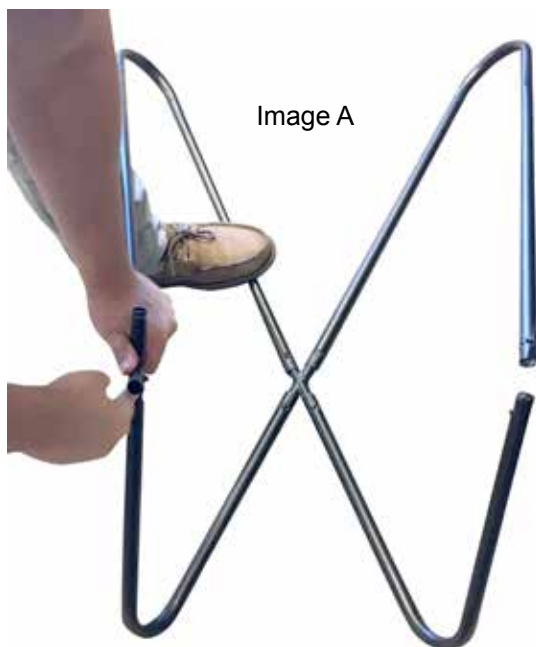

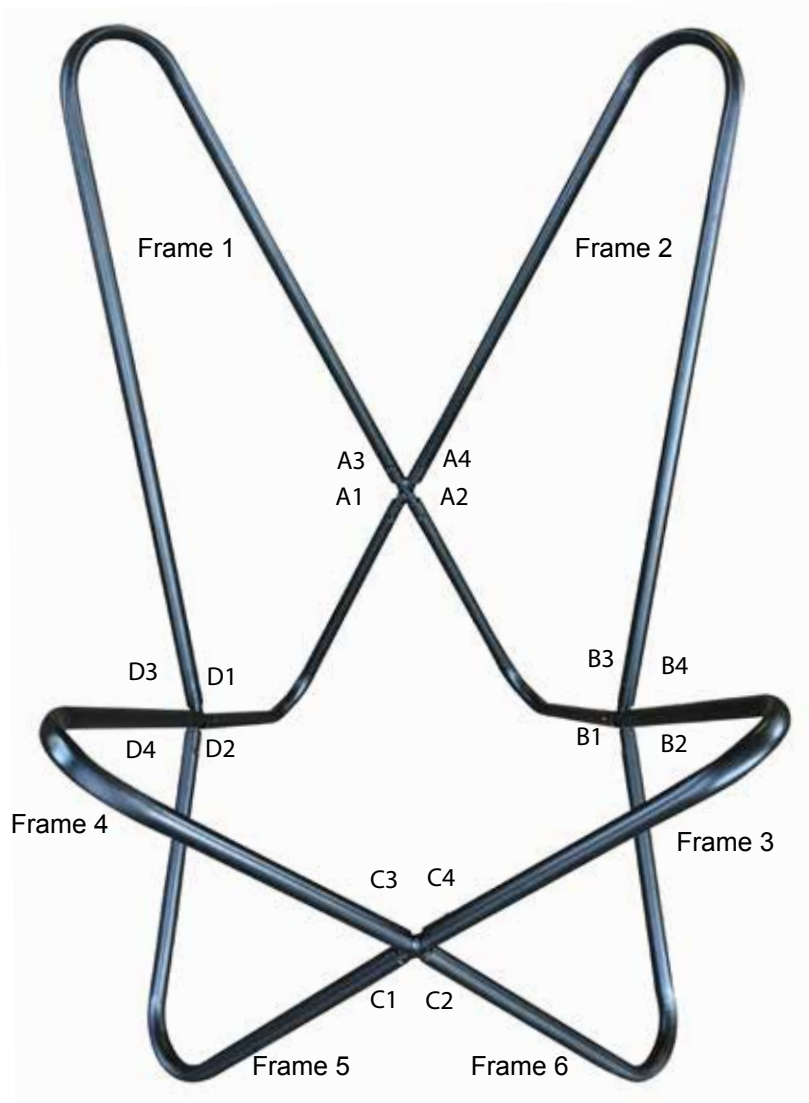

Image A

Attach Connector B3 to Frame 2 Connector B3. Attach Frame 6 B2 by using Connector B2. Then attach Frame 5 D2 by using Connector D2. See Image B.

Attach the final Frames 3 with Connector B4 and C4. Then attach Frame 4, using Connector C3 and D4.
