

20 Year Warranty

Stand Smart, Live Better™

20-Year Manufacturer's Warranty

Only Smart Step offers the most comprehensive, "Best-in-Class", 20-Year Manufacturer's Warranty. With our extensive and proven track record in many commercial environments, Smart Step can confidently stand behind this guarantee. As the manufacturer located in the United States, we do comply with all stringent U.S. regulations. With our proprietary "SmartTech Polyurethane" (STP), Smart Step Select Mats are free of formaldehyde, heavy metals, PVC's, latex, plasticizers, phthalate, or any other fillers. When used in a residential setting, this allows us to warrant every Smart Step Select Mat against any defects in materials and workmanship for 20 years, with great pride. As a part of the 20-Year Manufacturer's Warranty, Smart Step also includes a 7-Year Performance Warranty, which specifically calls out:

Remain Unmatched in Comfort - Smart Step Select Mats provide the optimum in comfort and relief. The SmartTech Polyurethane (STP) composite, effectively suspends body weight, thus reducing impact on the back, legs, and feet, while encouraging proprioception (rebalancing). This exclusive advantage results in unmatched and consistent comfort.

Always Lie Flat - The 20 degree, gradually beveled edges of a Smart Step Select Mat will never roll up, which prevents dangerous trip hazards. Distinctive to Smart Step, our STP includes 100% memory properties, meaning the mat is cured flat and will always remain flat.

Never Delaminate - The unique one-piece construction of the Smart Step Select Mat eliminates the need for glues or toxic bonding agents that often break down in time. Our mats will never separate, bubble up, ripple, or tear as a result of broken down glues.

Never Compress - Smart Step Select Mats have an unprecedented immediate recovery (bounce back) and are guaranteed to never lose their form. The one-piece STP polyurethane construction will not compress (squish down) creating dangerous high and low spots or lose resiliency. This results in consistent comfort, even where the most frequent standing occurs.

Products, Benefits and Care

Replacement Coverage - If a Smart Step Select Mat is found to be defective as per the warranty, a full replacement mat or allowance toward another mat will be offered. Smart Step reserves the right to determine if a mat is considered warranted, normal wear and tear, or other.

Accidental Replacement Coverage - Every Smart Step Select Mat comes with an Accidental Replacement Allowance. If your mat has been accidentally damaged and not covered under the 20-Year Manufacturer's Warranty, a replacement allowance will be available towards the cost of a new Smart Step Select Mat. Contact your Retailer or Smart Step Customer Service Department for more information.

Maintenance and Cleaning - Designed to provide comfort and well-being, Smart Step Select Mats require little to no special care. Most spills can easily be cleaned with warm water and a towel or mop. For more difficult stains, mild soap and water are recommended. It can be spot cleaned, swept, or stick vacuumed (non-brushrolled) as needed. Smart Step recommends that you always test our products with any chemicals to be used. A free test sample is available upon request.

Product Overview and Guidelines - With over 20 years of experience producing polyurethane products, Smart Step Select Mats are manufactured with the highest standards possible.

Finish and Custom Surface Applications - Many of the collections feature our exclusive "Dye Wash" finishes or custom surface applications. Each of the dyed mats are hand washed, which makes no two mats exactly the same. While very similar, a slight variance between mats using the same dye may occur. With normal wear, finishes and/or surface applications may fade over time and are not covered under the Performance Warranty.

Flooring and Usage - Smart Step Select Mats are sealed on both top and bottom, making them water resistant. With normal wear, mats containing custom surface applications may fade, wear or peel over time and are not covered under the Performance Warranty. It is important that care is taken to ensure a floor is completely dry before a Smart Step Select Mat is put in place. To help prevent mat movement, periodically clean the bottom of your Smart Step Select Mat. Any floor cover may create color differentials to the floor when exposed to elements such as sunlight, humidity, and other environmental conditions. To help prevent any floor color variances, it is recommended that you lift and clean under your Smart Step Select Mat every two weeks. Although extremely rare, our company research has discovered that some types of flooring that contain raw materials such as linseed oil may have a tendency to slightly discolor when covered. Similar results may occur with floors that may be sealed with non-urethane based sealers. Smart Step, LLC is not responsible for any reaction between our products and floors. It is our recommendation that customers contact their floor supplier to learn more about their finish, or request a sample mat for testing. Wearing small heeled shoes on Smart Step Select Mat is discouraged, and while unusual, may leave indentation marks or punctures. For more warranty information, please visit SmartStepHome.com.

Customer Service - We at Smart Step strive to exceed your every expectation and want to ensure that you are 100% satisfied with your purchase. If for any reason you are not completely satisfied, please contact us at Info@SmartStepHome.com or 866.624.5700. Enjoy your Smart Step Select Mat for many years to come!
