Precautions

- Children must not play with the appliance.
- Cleaning and user maintenance shall not be made by children without supervision.
- The appliance must be placed on a firm flat surface.
- Do not cover when in use.
- Do not use water to clean the unit. Cleaning should be carried out with a clean, dry brush or cloth.
- Do not insert any object between the grilles and the fan blades.
- Do not use the fan in excessively hot or humid environments.

Cleaning and Maintenance

1. Always unplug the unit from the power supply before servicing or cleaning.
2. Rotate the front cover to take it down.
3. Clean the fan blade and its frame with a clean and dry cloth. Do not use water to clean the fan.
4. Rotate the front cover to put it back.
5. When the fan is not in use, store it in a dry area away from sunlight and heat.
