Notes

Measure your actual product for rough-in details. Install this product according to the installation instructions.

The hot water supply should be 70% of the capacity of the bath or greater. Installations will vary.

Kit is required for under-mount installations (sold separately).

If relocating the blower motor, do not relocate or alter the PVC tee or coiled flexible tubing connected to the blower. Follow the blower relocation instructions exactly. Provide access for servicing the blower.

ADA compliant when installed to the specific requirements of these regulations.
