#### Notes:

- Because of the fireclay production process, dimensions may vary for each sink. Please use the actual sink that you will be installing to determine the precise cutout dimensions for your countertop.
- Fireclay Sink is very heavy! Please have assistance when lifting the fireclay kitchen sink to avoid personal injuries. Please follow all plumbing and building codes in accordance with your state and local requirements.
- ISVEA recommends the installations to be made by a licensed, professional plumber.
- ISVEA will not have any responsibility for any damage or product failure due to wrong installation, misuse, or failure to use a licensed professional plumber. ISVEA is not responsible for any removal or installation cost or return costs.
