### **What We Will Do:**

Upon receiving your notification, we will send out an acknowledgement within three business days. We will then investigate your claim and begin to take appropriate action within 30 days after receipt of notification. If determined that

our product does not have a defect covered by the warranty, we may charge an inspection fee for the onsite inspection. If determined there is a defect, we will repair the product or ship product to the distributor or person making the claim in the same specification as the original product sold to the distributor. Replacement Doors or Bifolds are warranted for the balance of the original product warranty or 90 days, whichever is longer. If we are unable to provide replacement and repair is not practical or cannot be made timely, then we will refund the purchase price. If the claimed nonconformity is warp of a door slab, we may defer repairing or replacing the door slab for a period up to twelve (12) months from the date of claim. It is not uncommon for a temporary warp condition to occur as the door slab adjusts to local humidity and temperature conditions. This deferral will not be counted against the warranty period.

### **What This Warranty Does NOT Cover:**

FRAMEPORT manufactures and sells individual door slabs and bifolds. This warranty does not cover parts or components (e.g., locksets, handles, etc.) not sold by FRAMEPORT to the original owner. See your distributor or dealer regarding the warranty on the entire door system and/or these other components.
