

CAMBRIDGE

Freestanding Electric Fireplace Insert

CAM2INS-1BLK**

Fireplace Features

- Freestanding design
- Perfect for filling vacant fireplaces
- Available in various sizes
- Dual heat settings and adjustable brightness
- Convenient remote control included
- Automatic thermal safety switch
- CSA certified

Do you have a built-in fireplace but avoid using it due to the mess and maintenance of a real fire? Make the most of those vacant spaces with this electric fireplace insert from Cambridge. Simply place the insert inside the fireplace and plug it into a standard electrical outlet nearby. This insert provides the comfort and appeal of a real fire, without the mess and stress that goes along with it.

The remote control provided allows you to power and adjust the settings from across the room. It quickly heats up a 210 sq. ft. room and can be set to a flame-only mode when additional heat in your home isn't needed, making it perfect for use throughout the year!
