

1. Shut off power before installation.
2. Fix the mounting strap to ceiling.
3. Feed the main wire through the bottom chain connector, chain, and canopy.
4. Connect the chains to the bottom chain connectors. Screw the bottom chain connectors to the light fixture and fix the top chain connectors to the canopy with washers and nuts.
5. Connect wires with wire connectors to the corresponding wires in ceiling.
6. Attach canopy to the mounting strap and fix with cap nuts.
7. Turn on the power and test.
