

Soleri

COLLECTION

MACHINE-MADE FROM 100% POLYPROPYLENE

The Soleri Collection is a compilation of geometric and environmental art. Bringing life to the artistry of nature and mathematical patterns that create beautiful designs with a worldly appeal. Each rug designed in a palette of soft earth tones is the perfect complement to suit both outdoor and indoor environments. Machine-Made in Turkey of 100% Polypropylene and the durable fibers not only make this Soleri Collection fade and heat resistant but also tough enough to handle high traffic areas throughout your home.
